Stop, everybody, what's that sound?  
AK-47, so get the fuck down!

Well it's the #1 Assassin  
Provin' a point to many people  
Some claim to be assassins  
But to Bone there is no equal  
And Bone will stand alone  
And buck down any other sucka  
Me quick to pull me gun  
And straight up kill that muthafucka  
You never can know when Bone'll  
Commit the one eighty-seven  
'Cause all I can see is cockin'  
The nine and sendin' you straight to Heaven  
You're dead on the dot, so fuck a blood clot  
You know I'm expectin' to win this  
So give 'em up, chump. I beatin' you down  
To survive, survival of the fittest  
No one can last. I'm beatin' your ass  
I'm quicker to blast. I'm keepin'  
The cash including the stash  
So I will be killing you quick in a flash, come down  
And it's a shame how I will kill without hesitation  
Me load me clip, me fingers slip  
Now that's the assassination  
So pick up the body and tie it to bricks  
Go dump it in the river  
I'm lettin' you know that Bone is no ho  
You never catch me shiver  
So, don't try to trip, you're getting a blast  
Some shit that's everlasting  
You had a run-in, and now you're done-in by the #1 Assassin
