

## Bless Da 40 Oz.

Bone Thugs-N-Harmony

It's all because of brew  
I'm feeling fresh and new  
I bless a forty a day  
So now I never have to have another sober day  
When blessin' 40's I'm a pro  
I just thought I'd let you know  
You can't take my brew away from me...

I down my 40 kinda slow; I like to savor it  
And while the niggas try to down it  
I like to save my shit  
See, brew's a must to me, so put your trust in me  
Yeah, I'm a stone-cold alcoholic for eternity  
If you're an alchy and you know it, take a swig  
If you're an alchy and you know it, take a swig  
If you're an alchy and you know it  
Takin' a swig will surely show it  
If you're an alchy and you know it, take a swig  
Now take a motherfucking gulp for the Bones, swig it  
Hog it, dog it, or just leave that shit alone  
I gotta get my buzz on: Olde, Gold, P.M., and Ides  
I dip the joint into the brew so I can get high  
And well, you know what they say  
I need a swig a day with Dre, Lies, Mark, Rick, D-Tyme, and Nay-Nays  
Down with the brew-swiggers, yeah  
We all in the house, and all them real niggas  
We bless the 40 ounce! Gotta bless my 40  
Or my crew will put me out  
My name is Bizzy Bone, I gotta bless the 40 ounce  
Who's next to bless the forty?  
I don't wanna put you out  
So, Krayzie Bone, bless the 40 ounce!

Now, I'm taking a sip - now I'm takin' a sip  
Pass the 40, back the fuck up, bitch  
You think I spent 2 dollars just to let you slop in my shit?!  
And niggas swore I be stiffin', but niggas  
Shit you knew the toll is 25 cents for you to swig my brew  
I got influenced by foam because it gets me pumped to get a 40  
'cause they love it when me pissy drunk  
Yeah, my bitches be trippin' to see the film of my brew, shit  
See what I'm a do, is, get rid of you, bitch  
I got back to the store to get the St. Ides  
I dip the joint into my brew so I can get high  
Yeah, I do 'cause I like to get silly wit it  
And since I drink St. Ides, yo  
A nigga get religious with it  
I want short, tall, 40s, and them 64s  
I gotta get drunk because I love calling bitches hoes  
Drunker than a bitch is how you see me  
So nigga (praise the what?) the fuckin' 40 O-Z  
I gotta bless my 40 or my crew will put me out  
My name is Krayzie Bone  
I gotta bless the 40 ounce  
Who's next to bless the 40?  
I don't wanna put you out  
So yo, Wish Bone, my nigga, bless the 40 ounce!

Bone's gettin' drunk and freakin' hoes  
I'm chillin' with my niggas as I bless my forty O's  
I'm poppin' off the cap, I down my shit and act a fool  
You know we always brewed in the morning just for school  
And if you have a party with the drink we hit it first, G  
I knew I was a drunk when double-A couldn't help me, yeah  
Niggas be trippin', ain't gave a sip, but they want a sip  
Well, fuck that freebie shit;  
You ain't got no money you broke bitch!  
The Bone works hard to get brewed all day  
And we don't give a fuck about what sober niggas say  
I stumbled into the house and people ask why  
I dip the joint into the brew, so I can get high  
My nigga Krayzie Bone hooked me with that bomb bud  
Now roll me up a huddah, I'm about to hit the bud  
Cause, you know a friend with weed is a friend indeed  
But a friend without a doubt is the one that bless the 40 ounce  
Gotta bless my 40 or my crew will put me out  
My name is Wish Bone; I gotta bless the 40 ounce  
Who's next to bless the 40?  
I don't wanna put you out  
So Layzie Bone, bless the 40 ounce!

Straight from the motherfucking thieve land  
Where you cop a 40 (you want a 40?)  
Ounce for a dollar ninety, even  
And drink a brew, I'll be a true nut and a alcoholic  
You gotta problem, I gotta problem  
But my brew will solve it  
Don't try to stop me; I get drunk than a skunk  
'cause I be rolling with the brew in the trunk  
So, now you know that I be way past tipsy  
Because my lips be steady takin sips, G  
So many sips that I be drinkin' till my sud's gone  
Because the Bones love to get they buzz on  
And I'm a show you how to bless it like this  
Hit to the bottom, to the top, and a smooth twist  
Now check this: I'm a drink it 'til a nigga die  
I dip the joint into the brew so I can get high and higher  
Now I think it's time a nigga announce that all day  
Everyday, we just be blessin' the 40 ounce  
Gotta drink the 40 or my crew will put me out  
My name is Layzie Bone, so I'm gonna bless the 40 ounce  
Who's next to bless the 40?  
I don't wanna put you out  
The Enterprise is done; we bless the 40 ounce, bitch!
