

## C-Town

## Bone Thugs-N-Harmony

C-town's how we ride  
Chi-town's how we ride  
Midwest how we ride  
Come see how we ride  
(3x)

Now feel the devastation  
and unification of the thugs in the middle of the map  
these niggas finna snap  
spit it for niggas that bit it  
then give them the buisness they gonna feel it when we jack  
and be quick with it, be crack  
hit it with the lyrical accuracy and harmony I'ma see who  
I ain't fuckin' with the Midwest  
you could try attackin' me and bombin'  
me I'ma be spittin' so fast, they wanna ask how he did that?  
Bone Thugs and we gotta spit a hard flow  
it's worthy competition everywhere that I go  
but ain't no messin' with cleveland or chicago  
Ballin' through the hood in a Murcielago  
Or Gallardo, or Ferrari, or Diablo  
As long as the car go quick, flow so sick  
Thought it was drama between Bone and Twista we do it like this

C-town's how we ride  
Chi-town's how we ride  
Midwest how we ride  
Come see how we ride

I'm from a place, really ain't safe, Cleveland the birthplace  
Midwest niggas, yeah, we stay thirsty  
tim's in the winter with the j's in the summer  
all four season's we stay workin'  
ride with a g'  
come and slide with a g'  
with the true's on the lac we can ride to the beat  
light it up, let it burn when you vibin' with me  
gotta keep it real to survive in these streets  
come see it for your self how live it can be  
been walkin' to the chi back down to the d  
michigan, illinois, sho-nuff killa boys  
standin' on the corner at 10 degrees  
we got pimps, dope pushers, and petty thieves  
crooked ass cops won't let me breathe  
all my love for the city won't let me leave  
what they expect from me?  
they want the best from me  
they gonna get it, yeah

C-town's how we ride  
Chi-town's how we ride  
Midwest how we ride  
Come see how we ride

I think it's time we show them bone, how we ride  
and let everyone know just where we come from Midwest bounce  
it's that bounce

that make a nigga feel it when he off that ounce  
of the mary mary mary jane  
we the niggas showin' them different side of thangs  
never seen a nigga that switched the rhyme this way  
now everybody run and flip they style today  
yup it's kinda strange but  
a nigga got to give it up to the Midwest  
who made 'em pick up the page before they get left  
get a little bit of Twista and hit that  
roll it up with some bone thug sit back  
just feel the vibe  
and ya never let a player hater kill ya high  
with this shit we be spittin' we gon' steal ya mind  
once again it's the Midwest side (West-side)

C-town's how we ride  
Chi-town's how we ride  
Midwest how we ride  
Come see how we ride

you can tell by the way I walk, the way I flow from around here  
nigga Midwest where the weed ain't the best but we came up  
now we get flew from the West coast, (West coast baby)  
we flow fast  
so many words in one bar  
we spit it, rap it, nigga better go hard  
who the underdogs  
the West done done it  
the East done done it  
the South hard  
they keep it together, (together)  
on the same level  
Midwest got the weapons  
it's ours here them thugsta's, no care  
we like to fight, (fight)  
on the West we get right, (right)  
in the East it's about they favorite night  
in the South it's whatever ya like

C-town's how we ride  
Chi-town's how we ride  
Midwest how we ride  
Come see how we ride
