

Pay What They Owe

Bone Thugs-N-Harmony

Y'all know who it is: BONE THUGS-N-HARMONY, HARMONY, HARMONY

They know I'm crazy by the flow
nigga never lazy 'bout my dough, dough, dough
I'm in the flesh but I'm quest for mo'
Bizzy, Wish, & baby just pay me the money I'm owed, owed, owed

Ooooh yeah
Back is that mighty reala
Ooooh yeah
Doin' it the way they never
Ooooh yeah, Ooooh, oooh yeah, ah yeah

See, all I know was get out and get it
I stay on the grind all night 'til my feet go numb
Blowin' mo' weed than Cheech & Chong
Livin' by the motto: To each his own
Got speed, it's on
Flesh freed, he home
Then we'd go wrong, it wasn't in the plan
Designed by the Man upstairs
This testimony and we say, 'We can, we can!'
We can do it
Gotta put ya mind to it
Put ya feet in the dirt
Just push right through it
When shit get rough
You gotta stick to it
Play that Bone Thug music
It's that feel-good music
Chill or act a fool with it
Real thug niggas with real-life drama is just like watchin' a movie
Soundtrack of my life
Right how they bounce back more than twice
Alright, I admit we done did some crazy shit
But I stop, repent
Kept God in my sights
Recognize it was a fight
Either you're wrong or you're right
Let the song be the light
Eternally them Bone Thug soldiers
I'm Mighty Mo-Thuggin' fo' life!

They know I'm crazy by the flow
nigga never lazy 'bout my dough, dough, dough
I'm in the flesh but I'm quest for mo'
Bizzy, Wish, & baby just pay me the money I'm owed, owed, owed

Ooooh, yeah
They back, finna hit y'all with that mighty real good, ooooh
No doubt about it
You bound to feel it good
We still hood, even though we came up
Changed the whole game up
No matter how much they angry steady saying we ain't the same.
Pointing the blame at us
The only thing is I'm a go get it even if I gotta split your wig

They can't get enough of my style cause I got the job well done winning it (winnin' it)

Big up's to all of my hustlers

While the globe spinnin', it ain't time to sleep

Break me off a piece of that paradise pie

'Til the day I die, I'm a represent my peeps

Hit up food from all of this

Somebody sneak they piece

Nothin' but heat for the streets

Now turn up that Bone beat (beat)

They tried to hold me, but couldn't keep me down cause Flesh got a whole world of my trues to be found

They know I'm crazy by the flow

nigga never lazy 'bout my dough, dough, dough

I'm in the flesh but I'm quest for mo'

Bizzy, Wish, & baby just pay me the money I'm owed, owed, owed

You owe me money, man

If not I gotta get my respect

It's too many years of grindin'

Baby mama want my royalty checks

It ain't about Twista

But nobody flippin' their tongue like Ripsta

No nigga done caused my earthquake like march

Remember that way little Capo got hurt when

My niggas is hurtin' daily

Good thing Wally see me and Krayzie

They would have just left them hailin

And there were shots in the melee

It was never to protect myself

Little Layzie got em baby!

And I pop, popped everyone else

Tanks swell over the double

Me problems tends again and never left

When I see the face of Zee

Bothers me, back'n yo step!

You never could feel my wepts (remember that)

Would never have got dissed with Bone

Off to another dimension

You owe me, but I'm on my own

Now come on!

They know I'm crazy by the flow

nigga never lazy 'bout my dough, dough, dough

I'm in the flesh but I'm quest for mo'

Bizzy, Wish, & baby just pay me the money I'm owed, owed, owed

YEAH!

Still chasin' that paper, dawg

And I won't slow down 'til I done made it all

They better give me what's mine

I'm a get it then go grind

Get up in it one mo' time (time)

Better ask about my rep

Better check yourself, self, self

They must've thought I was somebody else, body else

Yeah, everybody better ? little bit of Bone Thugs

Bet they'll never own us

We originated that there, sho' nuff

Better run and go get they flow heard

Came from Cleveland, Ohio

The realest that I know
They'll never sound nothin' like Bone, clones!
Them faders, the greatest, and even the haters is singin'
Yeah we make 'em zone
We make 'em sing, sing!
No matter what they say
Everybody, all know Bone changed the game, game, game
We made them sing like me
Against the grain, grain, grain
If they don't wanna respect me and where I come from
I tell 'em they can run on up, come on over and get 'chu some, get 'chu some
, some

They know I'm crazy by the flow
nigga never lazy 'bout my dough, dough, dough
I'm in the flesh but I'm quest for mo'
