

# So Many Places

Bone Thugs-N-Harmony

I've been so many places (all around the world)  
So many unfamiliar faces  
Ohhh I pray every day (every day, every day)  
To keep from goin crazy  
(2x)

Well what do ya know? We still here  
but we still strugglin tryin to come up on that almighty dollar  
Do the damn thang and I've got to maintain, try not to go insane  
Every day, I'm facin compilations  
Motions I've been in the gauge, temptations of the faith  
Snake in the grass  
I'm keepin my eye on y'all, won't let nobody hold me back  
I never did figure that in my life that it could be this real  
Never did figure that bein a rapper would be so hard, oh God  
But now that I'm seein the light  
As soon as I open my eyes for the first time I realize I gotta die  
And life don't last forever  
And fast livin make you crazy if you, suck up too much  
Trust me, I done seen enough (seen enough)

I've been so many places (all around the world)  
So many unfamiliar faces  
Ohhh I pray every day (every day, every day)  
To keep from goin crazy

Done hustled all through this world, I'm really not doin it for fun  
Don't worry about me a hand I see, I take it and run  
And maybe we can chill out, hit a couple of yo' spots  
Have some we can pass out, if not, bye-bye  
Cause I got another show, some up for dough  
Need to borrow my thugs, some and then we blow  
And then it's on the next CD  
Thugs get it all then it's easy, one of you got it then I know you feel me  
That's why you gotta get your hustle, on  
Everybody get the money, yeah  
Got the money, reach for thousands, mmm  
Got them thousands, reach for millions, y'know

I've been so many places (all around the world)  
So many unfamiliar faces  
Ohhh I pray every day (every day, every day)  
To keep from goin crazy

Now I done traveled around the globe  
witnessed some things that I wouldn'ta seen  
Me and my team chasin green  
runnin this Earth, tryin to live our dream  
What I've seen would make the average person, run, quit and hide  
And you know I'm down for the ride, I had to choke it and swallow my pride  
I hate to admit it but dawg I love my material thangs was what I was after  
Who woulda thought about bein a rapper? All of the coaches I captured  
I got, caught in the rapture, assumed it was written  
Keepin women, poverty stricken  
it seems like the whole world's takin a strippin  
I don't know why, and I don't know what it is  
All the crazy thangs I done did brought me closer to my kids

No more bailin by my lonely, that story but I'm thorough  
Me and my dogs runnin this planet, it's just us against the world, c'mon

I've been so many places (all around the world)  
So many unfamiliar faces  
Ohhh I pray every day (every day, every day)  
To keep from goin crazy

You niggaz don't really know me, not one of my homies wanna control me  
Control these nuts, I'm goin home  
Come and hold me, you get one of the twins to come and fold me  
Hallelujah! Only one, sacred and holy  
Phony love, how they givin it only  
One of them choked, thick black billie clubs with LAPD whuppin on me  
Yo' bitch was strippin down in San Diego  
She only in it for the money, but we all in it for somethin though  
And she really loved Tony, some thick-dicked yellow nigga  
He lived in the basement and he sell weed to the drug dealers  
Been around the hood and now you're motherfuckin eyed  
Rather die than to be caught up in deception and lies, word to the wise

I've been so many places (all around the world)  
So many unfamiliar faces  
Ohhh I pray every day (every day, every day)  
To keep from goin crazy
