Been up the come up - since our childhood  
Sound good - just like our orchestra when we 'round wood  
Late night - burnin barrels; play fight - singin carols  
Stage fright - nigga never, we be on the level!  
The World's Enemy - rebel never settle for less  
No them haters ain't on our, level - incredible, yes we are the best

It's all in the fam if family members brawl out  
Whenever whatever, never say never, yes we goin all out  
We stuck with a plan, them Thugstas boys made it  
Now we keep 'em stuck in a trance, it's hard to shake it  
With that lyrical combination that flipped it and swept the nation  
Mystical, creator, motivator of true innovations  
It's music don't abuse it, just use it and evade your pain  
Don't let them harmonies fool ya, still take aim  
Comin to let it go, we show no mercy to lames  
A whole fifth sippin, that ounce of kush we smokin mayne
