

Tell me what you want to
I'll do what I wanna do
Fun sponge! fuck you!
Feed your point of view
I don't think I asked you
Fun sponge! fuck you!

Let loose, don't hesitate
Enjoy yourself, it feels great
Being bummed gets tired
Live you life, get inspired
Quit complaining, don't whine
Every breath's a waste of time
You bring us down every night
We wanna party, not fight!

Lose the fucking attitude
What good has it done for you?
Fun sponge! fuck you!
I know what you're going through
That's why I'll tell you dude
Fun sponge! fuck you!

Let loose, don't hesitate
Enjoy yourself, it feels great
Being bummed gets tired
Live you life, get inspired
Quit complaining, don't whine
Every breath's a waste of time
You bring us down every night
We wanna party, not fight!

Fun sponge!

We're all smiling, you've got a frown
Go out of your way to bring us down
It's time to erase your sour face
Your foul mood is a disgrace
