

## Fun Sponge

Bones Brigade

Tell me what you want to  
I'll do what I wanna do  
Fun sponge! fuck you!  
Feed your point of view  
I don't think I asked you  
Fun sponge! fuck you!

Let loose, don't hesitate  
Enjoy yourself, it feels great  
Being bummed gets tired  
Live you life, get inspired  
Quit complaining, don't whine  
Every breath's a waste of time  
You bring us down every night  
We wanna party, not fight!

Lose the fucking attitude  
What good has it done for you?  
Fun sponge! fuck you!  
I know what you're going through  
That's why I'll tell you dude  
Fun sponge! fuck you!

Let loose, don't hesitate  
Enjoy yourself, it feels great  
Being bummed gets tired  
Live you life, get inspired  
Quit complaining, don't whine  
Every breath's a waste of time  
You bring us down every night  
We wanna party, not fight!

Fun sponge!

We're all smiling, you've got a frown  
Go out of your way to bring us down  
It's time to erase your sour face  
Your foul mood is a disgrace
