

# Plantation Boy

Boney M

Lots of people walk about proud and free  
Lift up your head start looking around  
There's a brandnew feeling of liberty  
Like a clear bell that's starting to sound

Plantation Boy  
C'mon and get going  
Yesterday's chains have broken in two  
Plantation Boy  
The new move is growing  
Reaching the hills and the valleys and you  
Plantation Boy  
Plantation Boy

Lots of smiling faces for you to meet  
So many hands to help you along  
Just shake off the mud that weighs down your feet  
If you stand tall you just can't go wrong

Plantation Boy  
C'mon and get going  
Yesterday's chains have broken in two  
Plantation Boy  
The new move is growing  
Reaching the hills, the valleys and you  
Plantation Boy  
Plantation Boy

Years of picking cotton for little pay  
Living alone in some wooden shack  
Sweating in the heat of a summer's day  
This is all over, you won't come back

Plantation Boy  
C'mon and get going  
Yesterday's chains have broken in two  
Plantation Boy  
The new move is growing  
Reaching the hills, the valleys and you  
Plantation Boy  
Plantation Boy

Plantation Boy  
C'mon and get going  
Yesterday's chains have broken in two  
Plantation Boy  
The new move is growing  
Reaching the hills, the valleys and you  
Plantation Boy  
Plantation Boy

Plantation Boy
