

Can't Stop Rockin'

Bonfire

I hit the road when I was young
some Lynyrd Skynyrd turned me on
I did not dig that disco stuff
'cause I always liked it loud and rough
I'm sure you've heard this all before
Well, I don't care - I come back for more

CHORUS

No - I can't stop rockin'
No - I just can't stop to roll
As long as I'm alive - I'll keep on truckin'
I swear to God that I love Rock 'n' Roll
My manager he ripped me off
'cause he just could not get enough
but that all could not knock me out
I jumped back in the saddle - loud and proud
Sometimes my life was just so cliché
but that didn't stop me - to go my way
CHORUS
