

# Don't Go Changing Me

Bonfire

Well, I might not be a hero  
and I'm sure no Superman  
I'm trying - to give you - all you ever wanted  
'cause I've always thought that love don't ask for much  
I don't write letters  
I don't work for charity  
does it really matter  
I'm just the way - I wanna be  
CHORUS  
Don't go changing me  
'cause then I'm not your man  
Don't go changing me  
just take me as I am  
I sure can never build you a castle  
but I'll defend our little home  
it takes a whole lot - of courage - to be a little bit old fashioned  
but if you look for someone perfect - I won't do  
No-one ever owns me  
I lay it on the line  
Don't try to control me  
'cause my love can stop on a dime  
CHORUS
