

Good Time Rock 'N' Roll

Bonfire

Big guitars and big bad drums
Mr. DJ please gimme some
But I don't want no House - 'nd no Rap
And I don't dig your Techno crap
Every night and every day
I just dig that good time Rock'n'Roll
With a whole lotta love and a whole lotta soul
So come on let's go - I just wanna rock it
Come on let's go - I never wanna stop it
So come on - come on - come on
Keep on rockin'
So come on let's go - I can't get enough
Come on let's go - live, loud and rough
So come on - come on - come on
Keep on rockin' - come on and rock
I don't dig those drum machines
That girlie stuff so lean and clean
Mercy mercy radio
I can't kill your dog and pony shows
Satisfy my hungry soul
With some good time Rock'n'Roll
So come on let's go - I just wanna rock it
Come on let's go - I never wanna stop it
So come on - come on - come on
Keep on rockin'
So come on let's go - I can't get enough
Come on let's go - live, loud and rough
So come on - come on - come on
Keep on rockin' - come on and rock
