

Hot To Rock

Bonfire

Celebrate, it's time to party all the night
Celebrate, the stage is set for you
Nobody cares about money or your social stands
C'mon now, are you hot to rock
All of you got so much fascination
All we can do is play and turn you on
What you give we will give it back to you
C'mon now, sing and let it go
C'mon, turn me on, we are hot to rock
C'mon, turn me on, we are hot to rock
Open air, good vibes in the burning sun
Everywhere it's time for Rock'n Roll
You don't care about all the shit five days a week
You are the singer, and we are just the show
C'mon, turn me on, we are hot to rock
C'mon, turn me on, we are hot to rock
C'mon, turn me on, we are hot to rock
C'mon, turn me on, we are hot to rock
C'mon, turn me on, we are hot to rock
C'mon, turn me on, we are hot to rock
