

## Lay Your Heart On The Line

Bonfire

I can relate that you're hiding your feelings  
too many times they've been makin' you sad  
Girl I'm the man who won't play with your yearnings  
Open up your heart babe 'cause I won't treat you bad  
Deep down inside you're so hungry baby  
Make up your mind 'cause we ain't livin' in sin

CHORUS

Lay your heart on the line  
don't keep it inside  
'cause love just walked into your door  
Lay your heart on the line  
and you'll gonna find the reason we're livin' for  
Caught up in dreams, why don't you surrender  
whole lotta passion is waiting for you  
What does it take to be part of your dreamin'  
Love ain't just a word, c'mon open up inside  
Don't loose yourself in hesitation  
you gotta fight - straight from your heart - straight  
from your heart

CHORUS
