

Wake Up

Bonfire

Who feeds the hand - beggin' for bread
Who tell me who
Who heals the pain - when hearts feel so sad
Who tell me who
We're watching children die
don't wanna hear about why
ran out of reasons to cry
While it kills you and me - but we all let it be
CHORUS
Wake up - somebody wake up
somebody help me try
Wake up - somebody wake up
somebody open our eyes
Who counts the sin - in a holy war
Who tell me who
Who's gonna open - when you knock on a door
Who tell me who
We're counting tears in the rain
wasting our time - insane and in vain
look for somebody to blame
while it kills you and me - we all let it be
CHORUS
