

What's On Your Mind?

Bonfire

What do you feel
When a poor man's house is burning?
Do you still care
When an old man's falling down?
What's going on in a world
Where all our values seem to hide?

Do we all get numb,
What have we become?

What's on your mind
When you hear our children cry?
What's on your mind
When you see your brothers die?
We've been down this road before
Do we really need some more?
What's on your mind, tell me
What's on your mind?

Do you believe
That a war today is human?
Where does it flow
All the blood not shown on TV?
Where do we go on a two way street
When our heart is deaf and blind?

In a world full of lies
Two wrongs don't make a right

What's on your mind
When you hear our children cry?
What's on your mind
When you see your brothers die?
We've been down this road before
Do we really need some more?
What's on your mind, tell me
What's on your mind?

What's on your mind

What's on your mind
When you hear our children cry?
What's on your mind
When you see your brothers die?
We've been down this road before
Do we really need some more?
What's on your mind, tell me
What's on your mind?

What's on your mind

When you see your brothers die?
We've been down this road before
Do we really need some more?
What's on your mind
