

# Wasted Youth

Bonnie McKee

They say youth is wasted, wasted on the young  
So they tell me, why are we having so much fun?  
All the midnight dreamers falling into love  
In our torn up sneakers, yeah, we were born to run

So I'm begging you  
Hold on, hold on  
To your wasted youth  
Hang on, hang on  
Cause it's going so soon  
So let's get it while we're young  
(We're wasted youth)

Yeah, we're bored and jaded  
Sharing bubble gum  
But these nights are sacred  
There's freedom in our blood

Hold on, hold on  
To your wasted youth  
(We're diamonds in the rough)  
Hang on, hang on  
Cause it's going so soon  
(Let's get it while we're young)  
And shine on, cause we'll never be the same  
We'll never be the same  
(You know you know the truth)  
Hold on, hold on  
To your wasted youth  
Let's get it while we're young  
Let's get it while we're young

Let's go  
Let's get stupid right now  
Get to fooling around  
Jump in the pool with you clothes on  
Sleep with your shoes and on the futon  
Time we got is right now, so we're making it count  
Roll down the windows and scream it  
Let's get it while we're young

Hold on, hold on  
To your wasted youth  
(We're diamonds in the rough)  
Hang on, hang on  
Cause it's going so soon  
(Let's get it while we're young)  
And shine on, cause we'll never be the same  
We'll never be the same  
(You know you know the truth)  
Hold on, hold on  
To your wasted youth  
Let's get it while we're young

Ah, ah, ah, ah  
We're wasted  
Let's get it while we're young

Ah, ah, ah, ah  
Let's get it while we're young  
Yeah  
Let's get it while we're young  
Ah, ah, ah, ah  
We're wasted, we're wasted  
Ah, ah, ah, ah  
We're wasted, we're wasted  
Ah, ah, ah, ah  
We're wasted, we're wasted
