

## A King At Night

Bonnie 'Prince' Billy

There is grime on my face  
There is crust in my eye  
There is no one in this place  
But no one said goodbye  
This is how i start another day in my kingdom

There is hate in my heart  
This is how my day starts  
There is blood in my hands  
From the murder of a man  
This is how i start another day in my kingdom  
This is how i start another day in my kingdom

And where is my queen  
Shes as gone as can be  
She was a fine lookin lady  
And she liked to go down on me  
And i liked to go down on her too  
In indya there's the taj  
On good times there was rog  
And here look and see  
All there is is me  
This is how i start another day in my kingdom  
This is how i start another day in my kingdom

There are good times to be had  
Only insanes really bad  
The lord and i agree  
Its not too off to be what we are  
As long as were royalty  
You fuck and what's to do (you fuck!)  
Its not your kingdom too
