

# All I Ever Wanted

Bonnie Tyler

1. Everything that's ever meant anything  
Is standing right here before my eyes  
All I know is your love has touched my heart  
And filled every empty space inside

If I never see all my dreams come true  
The one that mattered the most was you

R: You're all I ever wanted  
All I ever needed  
You given me something  
To hold on to and believe in  
As long as you're in my arms every night  
For the rest of my life  
I won't need nothing, no  
You're all I ever wanted

2. Every day you showed me something, every day  
That I know I can't live without  
A whispered word, and understanding look  
Baby you know me inside out

Your hand guides me through the rain  
Your love is my hope and my strength

R: You're all I ever wanted...

\*: I feel you move  
Through my heart and soul  
You're a part of me  
That I'm not letting go

R: You're all I ever wanted...

You're all I ever wanted
