

# Before This Night Is Through

Bonnie Tyler

I been crazy for you, so long  
How could something so right turn out so wrong  
Words, never mean what they say  
Words just get in the way

Before this night is through  
Gonna make you see  
How I been blind to you  
You been blind to me  
Before this night is through were gonna get to the truth

Before this night is through  
Gonna heal the pain  
Before this night is through  
You'll be back again  
No matter what we do I know we'll be all right  
Before this night is through

Hearts broken in pieces no time to mend  
Without loving they fall apart in the end  
Fools, never admit they're wrong  
They live their lives alone

Before this night is through  
Girl we're gonna see how I belong to you  
You belong to me  
Before this night is through were gonna get to the truth  
Before this night is through  
We'll get past the pain  
Before this night is through  
You'll be back again  
No matter what we do I know we'll be all right  
Before this night is through

Come inside close the door come to me now  
We'll find our way we know how  
Let the past be the past let it all fall away  
Baby I know we told lies and to lie is a sin  
We'll get to the truth we will simply begin

Before this night is through were gonna get to the truth

Before this night is through  
We'll get past the pain  
Before this night is through  
You'll come back again  
No matter what we do I know we'll be all right  
Before this night, before this night is through
