

Believe in Me

Bonnie Tyler

You say you don't believe in signs from up above
And you laugh at the thought of putting your faith
In stuff like love

You never see the rainbow, you just curse the rain
You said, you wanna believe
But it's just not worth the pain, today

But that's all fine if that's how you want it to be
But if you're feeling alone and afraid and you can't breathe

R: Believe in me, yeah
Believe in me, yeah
Believe in,
The way I look at you
And stand beside you
The way I speak the truth
I'd never lie to you
If you'd just believe in the things your eyes can see
Believe in me

You come and you go and there's never no compromise, that's why
The seconds and the minutes of the days of your life
Go crawling back

But that's all fine if that's how you want it to be
But if you're feeling alone and afraid and you can't breathe

R: Believe in me, yeah...
