

# Call Me

Bonnie Tyler

Love will always find the way  
Feelings are the hardest words to say  
Oh call me, call me  
Baby, always call your name  
I would never feel this way again  
Oh call me, call me

There is love enough, enough for two  
There will never be another you  
How can you mend a broken heart  
Oh he said goodbye without a tear  
Through a million souls, a million fears  
That's no way to say goodbye

R: Call me, call me  
Tell me what you feel  
My love never dies  
(My love never dies)  
Call me, call me  
Tell me what you feel  
You light up my life  
(You light up my life)

Love don't ever die

I'll be there if you want me  
I'm living with my memories  
Oh call me, call me  
From the bottom of your heart  
You swore we'd never break apart  
Oh call me, call me

Oh hold on tight and don't let go  
If you love me let me know  
I never had a love like ours

Call me, call me  
Tell me what you feel  
My love never dies  
(My love never dies)  
Call me, call me  
Tell me what you feel  
You light up my life

Oh I'm never gonna give you up  
Why did you break my lonely heart  
My world begins and ends with you  
If there's one thing that I know  
Babe, I'll never let you go  
If I sold my heart to you

Call me, call me  
Tell me what you feel  
My love never dies  
Call me, call me  
Tell me what you feel  
You light up my life

(You light up my life)

R: Call me, call me...

Call me, call me  
Tell me what you feel  
My love never dies
