

I Believe In Your Sweet Love

Bonnie Tyler

**If you want my love
You've only got to take it
And if you get my heart
Do anything but break it

And if you wanna know the truth
I think about you only
And whatever I'm doin'
You're never out of my mind

*Oh I believe in your sweet love
Oh I believe in your sweet love

There's a way you've got
Something in the mixture
As the night goes on
You could become a fixture

*repeat

Oh I, I ,I believe
Oh I, I, I believe

**repeat
*repeat

I believe in your sweet love
I, I, I believe, oh I, I, I believe
Oh I believe, I believe in your sweet lovin'
I, I, I believe...
