I Believe In Your Sweet Love

Bonnie Tyler

**If you want my love You've only got to take it And if you get my heart Do anything but break it

And if you wanna know the truth I think about you only And whatever I'm doin' You're never out of my mind

*Oh I believe in your sweet love Oh I believe in your sweet love

There's a way you've got Something in the mixture As the night goes on You could become a fixture

*repeat

Oh I, I ,I believe Oh I, I, I believe

**repeat
*repeat

I believe in your sweet love
I, I, I believe, oh I, I, I believe
Oh I believe, I believe in your sweet lovin'
I, I, I believe...
