## I Can't Leave Your Love Alone

## **Bonnie Tyler**

There is a shadow rolling over my heart Like a cloud across the moon There is a devil on my shoulder Spreading his light into my room

Broken head and empty heart
Shattered mind that's torn apart
I fall, I stumble into the night
I can't leave your love alone
I can't leave your love alone

A wicked wind beats at my window Telling me that I'm no good There's no life in this bleak desert There's no life, without you

Broken head and empty heart
Shattered mind that's torn apart
I fall, I stumble into the night
I can't leave your love alone
I can't leave your love alone

Broken head and empty heart
Shattered mind that's torn apart
I fall, I stumble into the night
I can't leave your love alone
I can't leave your love alone

I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
I can't leave your love alone
