

## It's Over

Bonnie Tyler

Your baby doesn't love you anymore

Golden days before they end,  
Whisper secrets to the wind  
Your baby won't be near you anymore.

Tender nights before they fly  
And falling stars that seem to cry  
Your baby doesn't want you anymore  
It's over.

It breaks your heart in two  
To know she's been untrue  
But, oh what will you do?  
When she says to you there's someone new  
We're through, we're through.

It's over  
It's over  
It's over

All the rainbows in the sky  
Start to weep and say goodbye  
You won't be seeing rainbows anymore.

Setting suns before they fall  
They come to you. That's all, that's all  
But you'll see lonely sunsets after all.

It's over, It's over, it's over  
It's over
