## **Bonnie Tyler**

I can see the glow Of the distant sun I can feel it inside Maybe this day Could be the one

I can hear the roar Of the distant crowd They are waiting for me Calling my name Shouting out loud

Limelight
You were all I ever wanted, since it all began
Limelight
Shining on me, telling the world who I am
Oh, Limelight
Don't let me slip right through you fingers
There's along way to fall
After all the years of waiting
I'm going to show them all

I can see the world
In a different light
Now it's easy to say
Where I went wrong
What I did right
Holding on isn't always easy
I am gonna change my mind

Limelight
You were all I ever wanted, since it all began
Limelight
Shining on me, telling the world who I am
Oh, Limelight
Don't let me slip right through you fingers
There's along way to fall

(Instrumental)

Limelight
You were all I ever wanted, since it all began
Limelight
Shining on me, telling the world who I am
Yeah, Limelight
Don't let me slip right through you fingers
There's along way to fall

Maybe the road's not easy I'm gonna show them all
