

# Mom

Bonnie Tyler

A little baby told God I'm kind of scared.  
Don't know if I want to go down there.  
From here it looks like a little blue bowl  
but it's a great big place and I'm so small.  
Why can't I stay here with you?  
Did I make you mad, don't you want me to?  
God said oh child of course I do  
but I've got life all planned for you.

So hush now little baby, don't you cry  
There's someone down there waiting whose only goal in life  
Is making sure you're always gonna be alright  
A loving angel tendered tough and strong  
It's almost time to go and meet your mom.

Now you'll never have a better friend  
Or a warmer touch to tuck you in  
She'll kiss your bruises your bumps and scrapes  
'Cause when you're hurt her heart will break

So hush now little baby, don't you cry  
'Cause there's someone down there waiting whose only goal in life  
Is making sure you're always gonna be alright  
A loving angel tendered tough and strong  
It's almost time to go and meet your mom.

And when she's talking to you make sure you listen close  
She's gonna teach you everything you'll ever need to know  
Like how to mind your manners, to love and laugh and dream  
She'll put you on the path it will be you [?]

Hush now little baby, don't you cry  
There's someone down there waiting whose only goal in life  
Is making sure you're always gonna be alright  
A loving angel tendered tough and strong  
Come on child it's time to meet your mom
