

## Tears

Bonnie Tyler

Such a long time ago  
Now I know  
You've woke up to find  
You were wrong  
There ain't no doubt  
Put me out  
Nearly made me blind

You sent me a letter, brought tears to my eyes  
Tell me you've changed, after all this time  
Like a stone rolling down the mountainside  
It's over, you can't turn the tide, and it's...

R: Tears falling about love, falling without love  
Tears falling about love, falling without love

I was glad  
To be with you  
Near to you  
My heart can't deny  
I was sad  
To leave your side  
Stripped of pride  
When you said goodbye  
For every new road there must be a friend  
For every broken heart there must be a mend  
And the rain only lasted so long  
It's over, the thing we had is gone, and it's...

R: (Instrumental)

To tell me you've changed brought tears to my eyes  
Say you've rearranged after all this time  
Like a stone rolling down the mountainside  
It's over, you can't turn the tide, and it's...

R:
