

# You Always Saw The Blue Skies

Bonnie Tyler

I'm turned around and lost out here again  
Feeling like there's no way out  
and without you no way in  
Where are you my friend?

I know how hard it is  
To keep from crying out loud  
To look up in the sky  
And see nothing but clouds  
The last thing you said  
'You know my hope never dies'  
No matter how dark it was  
You always saw the Blue Skies

Oh I'm sick and tired of yesterday  
I think of all the times I chose the worst things  
And I threw the best away  
What would you say?  
You know how hard it is  
To keep from crying out loud  
To look up in the sky  
And see nothing but clouds  
The last thing you said  
'You know my hope never dies'  
No matter how dark it was  
You always saw the Blue Skies

I just hope this road keeps turning  
Till I find a place to end this yearning

Where were you my friend?  
You know how hard it is  
To keep from crying out loud  
To look up in the sky  
And see nothing but clouds  
The last thing you said  
You know my 'hope never dies'  
No matter how dark it was  
You always saw the Blue Skies  
No matter how dark it was  
You always saw the Blue Skies  
No matter how dark it was  
You always saw the Blue Skies
