Walk in the Sky

They walk in the sky So near and so high They're stopping for none And when the day's done They agree that the sea Is the best place to be Wondrously free They live happily

They know from the past Life simply doesn't last So they live for today For tomorrow they may Not be able to walk in the skies

Sun slips into horizon Moon reaches for the stars Music is the healer No matter who you are No matter who you are...
