[KRS-One] Breath control.. here's an example I appeal, to the +Criminal Minded+ You can't find it, boy you're still blinded Why don't you open your eyes and stop DISSIN Get a prescription to listen Sit in the class and ask real fast about a FRESH RAP You're gettin left back, set back, kept back Get back, I don't accept that material Your rhymes are artificially flavored like cereal I like clarity, so when you come here speak clear and concise and then I might give a little slack to.. nah, wait - I take that back If you're wack, I'll slap, FUCK THAT! Boogie Down Productions back, simply cause we never left the radical sounds of KRS What a mess, to roll up and then 'fess Wild guess huh, you thought you were the best? But - yup yup - as it always turns out You get burned out, your rhymes just run out I immediately come out, BOOMIN dope and don't provoke, you're walkin a very thin rope Not even rope, the word I'm lookin for is string When I sing, I sing to try and bring enlightenment, yet the suckers be bitin it Radio's fightin it, the fans be likin it Your face I'm wipin it, cause your mouth is dirty You're unworthy to THINK that you can serve me You heard me? These styles are universal You need rehearsal, wait, first I'll beef up the system, rhyth, rhymin, timin, climbin Then realizing As producer of this dope record huh I think it's time we break for a second Breath control.. [KRS-One]

That's it, that's it, that's it Break is over, back to the track Resume attack, on the crews that are wack We don't lack, I mean, we don't like the played out styles when we're rockin the mic The radical rebel at level fifteen The amp only goes to ten, you know what I mean? As it seems, it seems that you're doomed

Yes I'll boom and consume the WHOLE room Not a part, not a fraction or a sum but ALL, capital KRS-One B-D-B-D-B-D-B-D-P Takin MC's out constantly! Because you're no big deal, you're no big wheel You steal, come before me and kneel but I'm not a king, I'm not a queen, I'm not a ace I'm not a jack, I'm not a MC or a playboy and I just ain't wack I feel that you should get an understanding You might be jamming, but KRS-One is slamming Hypothetically, or in reality Takin you out, is a SMALL technicality Rhymes like these, or rhymes like THIS ONE comes in handy, while I diss some soft silly low budget sucker like yourself I got the style you need, in my house on the shelf labelled, sucker boy style I like to do it every once in a while..
