Booka Shade

Take me, take me, take me, slowly  
Make it, make it, make it on your own  
Say it, say it, say to me lovely  
I'll be anything you want  
Psychameleon

Take me, take me, take me under your skin  
Crawlin', crawlin', crawlin' on the floor  
Whisper, whisper, whisper like a (?) would  
I'll be anything you want
