

Now Understand This

Boomkat

You gotta understand
you gotta understand
.... this...

C'mon (c'mon, c'mon)

Now understand this
I have a lot to say and today
I woke up feelin the power to get loose, okay?

First my name is spelled T to the A, R-Y-N
I got the faith, no religion
So come on baby listen, with 20-20 vision
I'm not no competition, no decision
When you come to the club, you'll see my ass a wigglin'

La la la la la laaaa

It's like that and like this
fast flips I twist
With an assist from my sib
the zig-zag scientist
In the lab we flip hits consistently

We be the B double O, M-K-A-T, see?
I'm free you can't catch me
My name is taryn, call me Miss Manning if ur nasty
I roll fast I roll the skates
pass the extend the middle finger (why?)
Cause I'm a singer baby

Now understand this
I'm gonna take you to the promise land
So understand this
Now understand this, yeah
I think I got the master plan
So understand this
and if you need a longer look take a picture

Well, I got kat class and I got kat style
I keep my claws sharp with my boomkat nail file
wa - wa- wa- wa- waaaaa

No one comes before me, so the top 40 had to sort me
Into a brand new category, no shit
So be a witness, as taryn gets to bust lyrics like no other

Now understand this
I'm gonna take you to the promise land
So understand this
Now understand this, yeah
I think I got the master plan
So understand this
and if you need a longer look take a picture

STOP!

Lala lalla la, la la la lala

Just leave it up to the

Ah, waaa (you know how we do it)
now understand this

Im gonna getcha im gonna getcha'
and if you need a longer look take a picture

Shake your thangity thang thang
