Things that rearrange our brains make us think insane

See we blow muthafuckas to rubbish like we see-4  
Were known to be triple are rated but gets down for dough  
To of the first to hit the scene and the last to go  
Move slow if you got the heart to get blazed  
By the double one mac when you react and get laid  
Leave yo back sprayed, attack fade turn your naps gray  
Move yo monkey ass fore I let this fuckin gat play  
Melodies that'll mash your mainframe  
To bring forth and understand then know why these two niggas came  
Get yo body stained my shottys plain far from
