

(I Wanna Be) Kissin' You

Bootsy Collins

Kissin' U
Hey, I didn't even know that I missed her
You know what I'm sayin'
You know what I'm sayin' to ya?
(What are you doin'?) She got a lock on that thing, yeah
And I gotta have it
(Ok!)
You know the old sayin'
You don't miss your kiss
Till the lips are gone
I didn't know what the old was sayin'
Well, I'm here to tell you
You know they call me the sugar crook now, baby
So let me steal a little sugar
So get on over here, check this out
Iwannabee kissin' U
And I want some lovin', too
Yeah, I want all the sweet lips in the house tonight
I want y'all to sing along, baby c'mon
I wannabee kissin' U
(Kissin') Just let me taste those sweet lips, baby
And I want some lovin' too
Check this out
Now when I come home to find
You in another man's mind
And he's kissin' n' makin' love to you
Yeah, I'm out with the boys
Treatin' all the girls like toys
But I really rather be kissin' U
Iwannabee kissin' U
Iwannabee kissin' U
