Borealis

You're the picture  
that I hoped for,  
you're the missing part I need  
Cure my only weakness,  
the lies that I believed  
The time has come  
to start our lives  
Needing you was my life

Take my hand,  
hold it forever,  
guide my soul to freedom  
Give me hope change my life  
I found my way home

The fear is gone,  
my pain will fade away  
Promise me it's my home

Let me know  
That you're out there  
and that you know I'm here  
Be my angel, my soul awakener  
Show me that I'm still alive

Take my hand,  
hold it forever,  
guide my soul to freedom  
Give me hope change my life  
I found my way home
