## **Poland**

## **Born Against**

We came to take over your one room or maybe displace your paren ts from their

Bed as the special guests of honor you've been at the factory f or hours

Already don't worry we'll lock the door when we leave for the b order what

We know is from the world of soundchecks and gas money and mayb e a few tales

From warmer climates where we were once paid well and I can't s tand to think

Of all the bastards that are coming to sleep on your floor
