

Never Die

Born from Pain

Suicide run. Choosing death. Under the gun. Darkness
ahead. Shoot the relief. Destroy only self. Bitter world.
Escape into hell
Failing, sliding, NEVER DIE
Strengthened, rising. NEVER DIE
Powered, fighting. NEVER DIE
Remaining relentless
The policy we face is tactical genocide. Pulling the
trigger on the troubled mind
Addiction to kill ambition in our eyes.
Never to speak, never to rise.
Try to keep me silent, but i choose to be
Never die. Relentless
