The ruthless, the shameless, the faceless.

Devouring, usurping for ages.

Saving us from threat, slavery ahead, freedom slips away.

Calculate, decimate, shaping fate.

Shutting my eyes. I realize. We are kept from the truth.

The ruthless, the shameless, the faceless. Legislate, obliterate, shaping fate.

Shutting my eyes. I realize. We are kept from the truth.

Question always, look for truth.

Propaganda shaping you.

Control your thought, control your mind.

Rewrite the past, fail to fight.

Shutting my eyes. I realize. We are kept from the truth.
