

Seven Devils

Born of Osiris

Holy water cannot help you now
Thousand armies couldn't keep me out
I don't want your money
I don't want your crown
See I've come to burn your kingdom down

Holy water cannot help you now
See I've come to burn your kingdom down
And no rivers and no lakes can put the fire out
I'm gonna raise the stakes, I'm gonna smoke you out

Seven devils all around me!
Seven devils in my house!
See they were there when I woke up this morning
I'll be dead before the day is done

Seven devils all around you
Seven devils in your house
See I was dead when I woke up this morning
I'll be dead before the day is done
Before the day is done

And now all your love will be exorcised
And we will find you saints to be canonized
And it's an even song
It's a melody
It's a battle cry
It's a symphony

Seven devils all around me
Seven devils in my house
See they were there when I woke up this morning
I'll be dead before the day is done

Seven devils all around you
Seven devils in your house
See I was dead when I woke up this morning
I'll be dead before the day is done
Before the day is done
Before the day is done
Before the day is done

They can keep me out
'Til I tear the walls
'Til I save your heart
And to take your soul
For what has been done
Cannot be undone
In the evil's heart
In the evil's soul

Seven devils all around you
Seven devils in your house
See I was dead when I woke up this morning
I'll be dead before the day is done
Before the day is done
