## **Little Garçon**

## **Born Ruffians**

I don't care just where you go
As long, as long as it's with me
I don't mind just what you do
As long, as long as it's with me, too

Well I get told to never get old
But the way it unfolds
I'm a little garson in my head
With a little fille that's stuck in bed

Well I get told to never get old
But the way it unfolds
I'm a little garson in my head
With a little fille that's stuck in bed

Oh, I get told (I get told) to never get old (to never get old) But the way it unfolds (but the way it unfolds)
I'm a little garson in my head (I'm a little garson in my head)
With a little fille that's stuck in bed (with a little fille th at's stuck in bed)

Oh, okay, yeah, that's where you go Oh, come and dance with me

Yeah, go, alright, that's what you do Go, come and dance with me
