

Merry Little Fancy Things

Born Ruffians

It's just a merry little...

It's just the one that I had
It's just the one for me tonight
It's just the one that I had
It's just the one for me
It's just the one that I had
Oh, maybe two... I don't know...
It's just the one that I had
So leave me, leave me, leave me.

It's just the two of us here
It's just the two of us now
It's just the two of us here
Spending all your hard earned doe
It's just the two of us here
It's just the two of us now
It's just the two of us
So we can talk about it

And when we're waiting in the dark
You turn into a sacred spark
And I can see you flicker over there
But I can't feel you so I guess
That you're not really there unless the lights come back on.

So just kill me off now
Because I ain't got a pretty face
So just take my knees out
It's my only saving grace
Don't come over to me and tell me how great I was
Just come over to me and tell me how great I am.
