

Devilish Of The PUNK

BORN

netami urami ANO KO mezawari
tsurushi shoushi jisaku jien
GURARI memai AITSU urayami
mukachi munashii jiko keiji

I would like to laugh
kizamu niyuuyoji no THE shou TIME
I would like to shine
itsu made soko ni itai no?

subete nuide ore ni notte oyoide kure

Majesty of the tomorrow
omae no soba ni iru mou nakanaide ii
Majesty of the tomorrow
hitori de inotten na yo terashite yaru kara

You are required

Is it visible to hypocrisy?
I have shouted instinctively
Therefore answer instinctively
Don't escape

In fact, I am a weak and deplorable living being
But your smiling face supports me
Therefore, I would also like to make you laugh
Enjoy yourself by music thoroughly

subete nuide ore ni notte oyoide kure
uneru kodou sono hitomi ni nani ga mieru?

Majesty of the present
omae no soba ni iru namida kawaitemo
Majesty of the present
hitori de inotten na yo kibou mo mirai mo
Majesty of the present
KIMI ni furete kanjitai dakara koko ni iru
