

SIX DAMIAN

BORN

You're dancing in the small box.
It's too corny and I'm embarrassed.
Wouldn't you like to know true aesthetics?
Don't you say good-bye to trivial actuality?
There is nothing to fear, well, please extend a hand.

Look, your body is heating up gradually.
I don't look back to the disgusting past.
Well, a bell of invitation is ringing.
Let's sneak from this actuality together.

Fall out... You don't suffer.
Fall out... You don't suffer.
Fall out... You don't suffer.
Fall out... Awakening starts.
