

## Floss With Da Boss

Boss Hogg Outlawz

[PJ]

PJ in this bitch, watch me hold it down  
Strapped up muddy cup, when I'm rolling round  
Lil mama looking fine, come and floss with a boss  
Candy gloss paid the cost, all win no loss  
Candy blue baby, coming through baby  
Top down trunk open, banging Screw baby  
I thought you knew baby, that H-Town off the chain  
Sipping syrup blowing herb, on the corner pushing caine  
Young nigga maintain, stack your paper and chill  
Don't even trip, when them niggaz hating on you for real  
Keep your mind on your scrill, hand on your steel  
When a nigga try to test you, then you let him know the deal  
Sipping drank po'ing up, Hypnotic got me throwing up  
Haters talking down, cause they see a nigga blowing up  
44 where I'm at, 7-90 that's my set  
Money ain't shit, if you ain't got no damn respect  
I'm a killa a hustler, a straight up head buster  
I'll never change my ways, I'm a ghetto motherfucker  
I'm a roller, Boss Hogg soldier  
In this rap game, PJ done got colder  
Syrup in my soda, white cup holder  
I'm the rap hustler, writing flows in my folder  
Now the game over, I'm sticking to the script so don't trip  
Cause I'll empty out my clip, now let's flip  
And hit the strip, time to turn me some heads  
Some riding blue, some riding red  
I ain't scared hit my stash spot, and pull out my pistol  
If your ass try to jack, then your family bout to miss ya  
I'ma get you I'ma hit you, cause I'm cold like a shanker  
Get paid in full, like that boy Mekhi Phifer  
Ghetto dreams triple beams, big cars sitting mean  
Trying to get stay committed, everything ain't what it seems  
Roll the green pour the lean, time to get fucked up  
I'm a baller shot caller, shit throw your bucks up  
Nigga what I'ma stunt, live my life to the max  
Keep wrecking these tracks, keep stating these facts  
Back back move around, bitch niggaz lay it down  
PJ, Boss Hogg taking over H-Town  
We gon grind we gon shine, take advantage of our time  
Seems like I get better, everytime that I rhyme  
Smoke a dime sip a pint, mix the drank with the Sprite  
Put your phone on vibrate, we gon party all night  
Got the Hennessy and Alize, this is how we parlay  
Dominos dice games, girls stripping wanna play  
Everyday all day, this is how I live mayn  
Gotta take your time enjoy your life, that's for real mayn  
Climbing up the hill mayn, work for the scrill mayn  
Underground hustling, I ain't tripping bout no deal mayn

[scratching]
