Ohoh ohoh ohoh ohoh
'Cause I found real love
Yeah

Going alright
Sithink that its time for
Making it right
Like its supposed to
Babay its true
Now that I found you
A feeling like there is no other
Way for me
To explain
Oh I wanna be with you be with you
Going alright
Going alright
Since that I got you
Baby I feel
Baby I feel
Baby I feel

I'm happy 'cause I found love
So happy 'cause I found real love
So happy
Oh I wanna be with you, be with you
I'm happy 'cause I found love
So happy 'cause I found real love
So happy
'Cause I found real love yeah

Baby its time for me to make you see
The reason I try to keep you by me
Nobody else do it like you do
Seem to be right whatever we do
No one else gets to me
Oh I wanna be with you
Be with you
Holding on tight holdin' on tight
Baby its time for
Loving all night, loving all night

I'm happy 'cause I found love
So happy 'cause I found real love
So happy
Oh I wanna be with you, be with you
I'm happy 'cause I found love
So happy ''cause I found real love

So happy ''cause I found real love

'Cause I found real love yeah

Give it all to be together
We never give up each other
Give it all for something better
Something that goes deeper
Deeper than ourselves

Give it all up to be together
We will never give up each other
Give it all up to be together
Give it all up to be together

Give it all up to be together
We will never give up each other
Give it all up to be together
Give it all up to be together

I'm happy 'cause I found love
So happy 'cause I found real love
So happy
Oh I wanna be with you, be with you
I'm happy 'cause I found love
So happy 'cause I found real love
So happy
'Cause I found real love yeah

I'm happy 'cause I found love
So happy 'cause I found real love
So happy
Oh I wanna be with you, be with you
