

# We Will Meet Again

Bosson

It's hard to say goodbye  
It hurts to be alone

And all that is left is a memory  
To love and to keep as a part of me  
It's you, no one else but you  
Say what can I do  
I miss you so

It's hard to let you go  
It's hard to ease my pain  
But I'll do it all for you  
Because I know you'd do the same  
And how hard it all may seem  
You're always in my dreams

We we will meet again  
Far beyond the stormy weather  
Far beyond the cloudy skies  
We we will meet again  
When we do we will last forever  
When we do we will stay together  
You and me

We were meant to be  
In perfect harmony  
But every day that goes by is reminding me  
There're so many things that you left by me

You see  
And every little thing  
Has it's own story

They're tellin' me  
An hour seems so long  
Help me to be strong  
You were the meaning of my life  
And I can't go on without  
I am shouting out my pain  
There must be a way

[CHORUS]

As a friend  
As a mother  
As a beautiful flower  
As a wife  
As a lover  
You had me climbing up your tower  
As my guardian angel  
Under your protection  
As the light of my life  
You gave me so much affection  
I'm so lucky that once I got to know you  
It was hard for me to say it  
But I totally adored you  
Is life fair

I'll never stop believing  
Our time will come  
Because there must be a meaning

[CHORUS x2]
