

You Opened My Eyes

Bosson

[Intro]

You opened my eyes,
you make me believe
That there is a chance for a guy like me
You opened my eyes
To a whole new World for me

Baby don't you know
That all I wanted was to be by your side
To find a way to the light through the dark
You saw the man that I was deep inside,
aha

There's a voice
That was screaming inside of my head
But now it's quiet and peaceful instead
Cause I have learned from the things that you said
aha

[Chorus]

You opened my eyes,
You make me believe
That there is a chance for a guy like me
You opened my eyes,
You showed me someone that no-one else have seen
You opened my eyes, you bring in the sun
you make me believe I am someone
You opened my eyes to a whole new world for me

I was lost and I was scared I was losing my mind
Running away from myself all the time
Cause there was something I was waiting to find
aha

There you were cause
God had sent me an angel from above
You gave me strength and you showed me how to love
For that I'm thankful for the rest of my life
aha

[Chorus]

Now you're gone
And though it hurts to know you're with someone new
You know I always wanted the best for you
You deserve to get the best in life too
I'm grateful for the time with you

[Chorus]

You opened my eyes
You opened my eyes
You opened my eyes
You opened my eyes
