My Destination

And feeling the way I do Wouldn't last a mile without you When I'm losing the way The things that you say take me there My destination, my destination Is by your side, right by your side

And I, I've taken so long, I know Never had so far to go It's not where you can be It's what you can see that takes you there Your destination, your destination It's here inside, right here inside **Boston**
